**This week, the KS1 students got to experience the Allstars Mini Olympics event and they did amazingly well! They competed in 9 different activities, which included a final relay event. Our Year 7 students led each of the activities and the KS1 students made sure they visited every station. This was a really close competition, with the top two teams being split by only 5 points overall. The winners of this event were Crowle Primary Academy, with Althorpe and Keadby Primary School in second place.**
